Maintenance Training: DA20-C1 and DA40-180.

This five-day course includes classroom instruction covering airframe systems and propeller, engine to airframe interface on the DA20-C1 and DA40-180 aircraft. The last day will cover Garmin G1000. A tour of the Diamond Aircraft factory is included.

The classroom is located in the **Diamond Flight Centre, 2560 Blair Blvd., London, Ontario**, near the Diamond Aircraft factory. The course, all course materials, and lunch on each day of the course is complimentary to Diamond Authorized Service Center personnel. A fee of \$800 US is applicable for all others. Participants are responsible for other meals and their own transportation and accommodation. **Please do not book your transportation to London until your course is confirmed three weeks prior.**
