

Due to technical restrictions, the outer surface of the airplane must be painted in accordance to the Paint Color Scheme.

Paint Color Scheme DA50

Zone 1

Bright & mid-dark colors only.
Do not use dark colors (e.g. Black) on this zone.

Zone 2

Any shape and color may be applied here without restrictions.

The lower side of the wings and the lower side of the horizontal stabilizer are defined as Zone 2.

Diamond Aircraft reserves the right to make any changes to the design to stay with the technical restrictions.
