

Diamond Aircraft Announces Southwest Demonstration Tour

DA40 - DA42 - DA62

Diamond Aircraft is launching the first of several US aircraft demonstration tours planned for 2016. The first tour, commencing Friday, February 19th in San Diego, will visit selected locations in California, Nevada and Arizona. Following in the spring, tours are planned to include Texas and the Southern and Southeastern States of the US, with more to follow.

“Diamond is excited to launch the first tour of 2016 in the Southwest United States.” said Peter Maurer, President and CEO of Diamond Aircraft Industries Inc. (Canada).

“This is the first opportunity for many US based pilots to not only fly the stunning new 7 seat DA62, and the latest versions of our popular twin and single engine 4 seaters, but to experience firsthand the ease of operation, sophistication, performance and efficiency of our jet fuel burning Austro piston engine powered models.

To sign up for demonstration flights please email demotour@diamondair.com or sign up on www.diamondaircraft.com

About Diamond:

Diamond produces a full range of high quality certified all composite aircraft including the 2 seat DA20, the 4 seat DA40, 4 seat twin engine DA42 and 7 seat twin engine DA62. Diamond uses proprietary lead-free jet fuel piston engines, made by Austro Engine GmbH of Austria, for the DA40, DA42 and DA62. Diamond applies modern technologies to achieve high fuel efficiency, low noise, excellent performance and safety. Our aircraft are flown by private pilots and professional flight training operators and institutions worldwide.

The entire Diamond range is distributed in the USA and Canada by Diamond Aircraft Industries Inc. (Canada).
